Binding Agreement

THESE TERMS AND CONDITIONS (“TERMS” OR “AGREEMENT”) CONSTITUTE A LEGALLY BINDING AGREEMENT THAT AFFECTS YOUR RIGHTS AND LIMITS OUR LIABILITY. PLEASE READ IT CAREFULLY. BY ACCESSING OR USING OUR WEBSITE IN ANY CAPACITY, YOU ARE CONFIRMING YOUR AGREEMENT WITH THESE TERMS. IF YOU DO NOT AGREE TO THE TERMS DESCRIBED HEREIN, YOU MUST LEAVE OUR SITE IMMEDIATELY.

Legal Disclaimer

You agree and fully acknowledge that using this Website is at your own risk. All information on this Website, including all TREND FORECAST reports, training, video material, and any other info to this effect, any YouTube videos, any social media posts (including Twitter comments, posts, Direct Messages, YouTube, Facebook and any other social media not mentioned here) and comments by Bitcoin Trend & Forecast, Mr Landman or members of his team (“Website Material” or “Material”), are strictly our opinions as of the particular point in time when such material is made available unless the material is published which indicates that it is relevant as of a different (earlier or later) point in time.

All Website Material is fully copyright protected (unless indicated otherwise), and it is illegal for you to make any information on the Site “public” or to circulate it to anyone in any manner. Website Material, including any comment made by the Team, does not constitute financial advice, and you should not rely on this data to buy and sell any assets, including cryptocurrency.

You must conduct and rely on your independent research and due diligence in making financial and investment decisions. The cryptocurrency market can be highly volatile, so investing in or trading cryptocurrencies is risky. The decision to invest any capital into such currencies, whether it is an escrow service, is your sole decision. Any services we provide in connection with cryptocurrencies, including escrow services or their exchanges, are not subject to country laws, including the Australian Financial Services License regime. Moreover, many digital currencies are not considered financial products, and Australian digital currency exchanges are not typically subject to capital regulation. Once clear legislative direction is issued, we seek legal advice and consult the relevant legal authorities to ensure adequate compliance.

If you use Website Material in any country or jurisdiction, including Australia, you do so at your own risk. We are not licensed financial, legal, or tax advisors in any jurisdiction; therefore, we are not providing financial, legal, or tax advice regarding any asset. If you seek such advice, it is your choice to consult your licensed professionals.

Any mention or discussion of cryptocurrency, escrow service, or their exchanges is not financial product advice. Where we compare cryptocurrencies to financial products (attempting to exclude such comparisons), any financial product information is strictly our opinion only. Any information on this Website, including documents/reports, has been prepared without considering your purposes, financial situation, needs, goals, and strategies. It would be best to evaluate whether this information is appropriate for you in light of your objectives, financial situation, and needs.

We do not trade cryptocurrencies on your behalf. We do not provide financial advice. We are not financial advisors.

We believe the data contained herein is reliable; however, we make no representations, warranties, or guarantees as to its accuracy or completeness. The financial products (if any) and other assets or commodities discussed on our Site may only suit some investors. The Website Material is provided for informational purposes only. It is not an offer or a solicitation of an offer to buy or sell any financial instruments or to participate in any particular trading idea or plan. Any information contained within the Website Material must be viewed as our opinion only and not as financial advice or investment recommendations. You must make your own informed investment decisions and seek professional investment advice as you deem appropriate.

Please also note that prices and availability of financial instruments are subject to change without notice, and investment transactions can lead to losses because of price fluctuations, extreme volatility, and other major unforeseen influences.

***Note:** Safe Zone Entry and Exit figures are Mr Landman's (or team member's) own personal buy and sell zones, and in no way is Mr Landman suggesting you follow his exit and entry points. Buy and Sell tags are never intended to be financial advice but are derived from objective technical analysis such as Elliott Wave, widely available in the public domain.
